# Our Founder's Vision

**Dear Friends,**

**I have been involved in social and political work for many years now, drawing inspiration from great leaders like Mahatma Phule, Chatrapati Shahu Maharaj, and Dr. Babasaheb Ambedkar.**

**I firmly believe that education is the key to the economic, social, political, cultural, and religious development of human beings. With this in mind, I established the state-level education society called 'Shahu Shikshan Sanstha' in Pandharpur in the year 1980.**

**Through this society, we have been able to provide education in every taluka and district of Maharashtra. Our institutions offer nursery, primary, secondary, higher secondary, ITI, hostel, and professional courses, making quality education accessible to everyone.**

**In today's globalised world, Shahu Shikshan Sanstha has taken a step forward and established its first CBSE school within Nalanda Campus, Borivali (West). We aim to equip our students with the skills necessary to succeed in this new era by providing them with quality education.**

**As the founder of this educational institution, it is my expectation to take education to the poorest of the poor and ensure that no student is deprived of it. Every student deserves the opportunity to learn and grow, and with this ambition, I will continue to work towards this goal.**

**Thank You,**

**Prof. Laxmanrao Dhobale Founder, Chairman, and Patron of Shahu Shikshan Sanstha,  
Pandharpur**

# How We Teach

## Our Philosophy

At our institution, we have successfully combined technology and modernity with the traditional and time-tested “Guru-Shishya Parampara”.

Our teachers are committed to fostering the personal and academic growth of every student, enabling them to reach their full potential and creating an environment where students feel welcome, comfortable, and inspired.

We integrate technology into this environment to help students study efficiently and in a manner that is best suited to their strengths and weaknesses.

## The Guru

The faculty at Nalanda Academy CBSE is carefully curated based on their academic and pedagogical expertise, as well as their motivation to instil a transformative learning experience in students.

- Our teachers are trained to utilize Nalanda Academy CBSE's unique learning system to comprehend the specific needs of each student.
- Our teachers ensure an even focus on every student in the class, and offer personalized attention to support students in setting goals, tracking progress, and resolving doubts.

## Interactive Learning Method

At Nalanda Academy CBSE, The use of blended learning content and classroom technology has made it possible for every teacher to deliver comparable outcomes to some of the best school preparations in India.

We employ a highly developed interactive learning method that focuses on increasing students' self-reliance and conceptual understanding, instead of relying on dry lectures.

Nalanda Academy CBSE classrooms encourage students to research topics at home and reinforce their understanding with class discussions and tests.
